Description of Change:

Littelfuse Inc will be moving the front end process of PGB manufacturing to the Philippines during the course of Q3 & Q4 2008.

Due to the general cost and low sales volumes of the PGB0040805MR & PGB0040805NR plus the PGB1040805MR & NR products a decision has been reached to obsolete these product lines.

The Last time buy will be Feb 23rd 2008. At this time all remaining orders have to be booked. These will be built during the following month and the line will cease production March 23rd. All orders received in this time are non-cancellable and non-returnable (NC & NR).
